

Sri Sri Radha Gokulananda, Sita Ram Lakshman & Hanuman

Having a wedding at Bhaktivedanta Manor is a unique experience. Beyond the ceremony, the priest and the prashadam (food) is the actual Bhaktivedanta Manor estate, the grounds, and that this truly special place is the home of Lord Sri Krishna.

This offers couples the opportunity to take stunning photos in the beautiful gardens and grounds of the temple and to take darshan after their ceremony, filling the whole wedding event with divine spiritual energy.
